

A man and a woman are in a workshop or classroom setting. The man, on the left, is wearing a white button-down shirt and is looking towards the woman. The woman, on the right, has long blonde hair and is wearing a light pink top. She is holding a blue mechanical component with a silver metal flange. The background is a plain, light-colored wall.

MOVING FORWARD

BLICKLE
ACADEMY

THINKING UNLIMITED

THE NEW KIND OF
FURTHER EDUCATION

Together we decide. About success, sustainability, flexibility.

Only if we work together at Blickle we can safely master tomorrow, redefine boundaries and fully develop potential. That is why we have created the Blickle Academy. More than a training programme. More than seminar rooms. More than further education.

The Blickle Academy provides space for further development and open exchange. Here we all work together on our optimisation – personally and as a company. In doing so, we always keep our vision in mind: „To be the best wheel and castor manufacturer to work with.“

Moving forward together.

You have ideas, we have ideas. You want to develop just as we do as a company. Your personal development is a necessity for the future of Blickle. Together we will develop your skills, your workplace and as a result our company.

SHAPING THE FUTURE

SPACE FOR COOPERATION
AND CREATION

Everyone matters and is part of the success.

At the Blickle Academy, everything revolves around development and cooperation – in all segments. The Academy offers space for ideas and progress. Providing rooms for seminars and creative exchange, each allowing video conferences as well as web-based training, all equipped with the latest technology, fully digitalised and attractively furnished.

GROWING KNOWLEDGE

FURTHER DEVELOPMENT.
CUSTOMISED.

Further development is a very personal thing.

That's why the Blickle Academy will provide individual guidance for qualification in addition to the existing training programme for products and sales topics. These are coordinated together with the participants and include workshops and seminars as well as team-building events. Digital plans and e-learning are integrated in a thoughtful and relevant way.
